Application for Subsidy Sport Psychologist and/or Physiotherapist April 1, 2021 to March 31, 2022

Equine Association of Yukon applied for Yukon Sport for Life grant funding for Enhanced Athlete Development for 2021/2022. This funding is provided jointly by Government of Yukon Sport & Recreation Branch and Sport Canada. The purpose of this funding is to support equestrians in their athletic development. EAY is using some of this funding towards the following activities:

- sport psychology to prepare riders for competition and/or reduce mental barriers to training;
- physiotherapy to improve biomechanical function for rider/horse combinations.

EAY will provide a subsidy of up to \$60 total per member for in-person or virtual sport psychology and/ or physiotherapy (NOTE: this is rider physiotherapy, not therapy specifically for a horse). Expenditures must occur between April 1, 2021 and March 31, 2022. Applicant must be an EAY member at the time of the physiotherapy/sport psychology sessions. This is a limited and first come first served fund.

Please complete the following application and submit with receipts (if possible) to the address above or submit scanned images to equineyukon@gmail.com, by March 15, 2022.
